

**Nelson Mandela
Metropolitan
University**

for tomorrow

**The Department of Industrial Engineering at the Nelson
Mandela Metropolitan University will be presenting a
Short Learning Programme:
Project Management for Manufacturing**

Are you:

- **implementing projects?**
- **sharing resources with other departments?**
- **struggling to meet deadlines?**
- **struggling to control costs?**

Then this is the short learning programme for you!

Through this short learning programme, individuals with limited project management experience will gain a better understanding and learn new techniques to improve their effectiveness in managing projects.

What will be covered?

- **An Introduction to Project, Programme and Portfolio Management**
- **Project, Programme and Portfolio Selection**
- **Initiating Projects**
- **Planning Projects - Part 1: Project Integration, Scope, Time and Cost Management**
- **Planning Projects - Part 2: Project Quality, Human Resource, Communications, Risk and Procurement Management**
- **Executing Projects**
- **Monitoring and Controlling Projects**
- **Closing Projects and Best Practices**
